From the School Social Worker:

Dear Winslow Families,

Welcome back! It is so great to be back in the school building with the students. Everyone has done exceptionally well. Thank you for all of your support through these crazy times!

For those of you who are new, my name is **Natalie Werner** and I am the School Social Worker here at Winslow. As we know, children today are faced with many social and personal issues that can impact their ability to do well in school. This year especially as the world as we know it has been turned upside down with Covid-19. When children are faced with these struggles, whether they are educational, social, or personal they can interfere with the child’s school experience and progress. As the School Social Worker here at Winslow, it is my job to provide support at times like these.

All students will get to know me, as I will be visiting their classrooms twice a month. The classroom guidance activities will cover a range of topics that will be beneficial to all students. A few of the topics that will be discussed are bullying, drugs and alcohol, careers, feelings, our brains, etc. I also do small groups and individual check-ins on a variety of needs. Some examples of what we focus on are peer relationships, study skills, making good choices, bullying, anger management, conflict resolution, grief, and self-esteem

If you have any questions or concerns about your child and wish to talk with me, feel free to contact me at any time. I can be reached at 789-2209 or via email at nwerner@pcsc.k12.in.us.
